Contacting Coaches – General Information

We have detailed some guidelines for contacting the coaches of your child's class. Please observe the following recommendations as we want the coaches to be coaching all of the gymnasts on the gymnastics floor in the allocated time. Please remember that even though your child's class may have finished, the coach may well be still be coaching other gymnasts.

General

- If your need is not urgent, please send a note in with your child to give to the coach.
- If you are paying a competition entry fee or a fee in general, please put in an envelope with details of name and what you are paying for and pass to the coach via your child.
- Please note we use the answer machine to receive phone calls when the coaches are coaching.
